

## Operational Notice

No. 25 of 2024

### Quay Side Operations During Vessel Arrivals and Departures

Please be advised quay operations that could compromise the safety of any personnel involved in a vessel's arrival or departure must cease until the vessel is made fast alongside the quay, or has fully departed and is clear of the berth, with all relevant personnel safely out of the designated working area.

These operations include but are not limited to, crane movements and the operation of heavy machinery within areas linesmen may need to move freely in.

Thank you for your attention and cooperation.
