HARBOUR MASTER

Notice in Respect of Port Charges

Crane Hire – Energy Surcharge

With effect on 1st January 2025 the **Energy Surcharge** applied to all craneage charges (including the Diesel Component, Electricity Component and HVO Surcharge) is suspended for the forthcoming quarter.

The Energy Surcharge will continue to be reviewed quarterly according to the average cost of Diesel/HVO and electricity consumed in the prior three months.

Please note that it is anticipated that the use of HVO (currently suspended) in cranes will resume in Q1 2025, and therefore associated surcharges will resume in Q2.
